SIX HUNDRED SEAMEN

And Admiral Togo's Famous Battle-
ship, Mikasa, lost to the
Navy of Japan

London, Sept. 12.—The correspond-
ent of the Reuter Telegram Company
at Tokio, has wired the information
that the fine Japanese battleship Mi-
kasa caught fire at 2:30 yesterday and
was completely lost.

The disaster is the most complete
that the Japanese have suffered any
time since the declaration of war, and
the destruction of the vessel will be a
severe blow to the navy.

The Mikasa has frequently been
mentioned in the press dispatches, be-
ing one of the heaviest vessels of the
Japanese fleet and always included in
battles during the various engage-
ments with the Russian fleet.

The Japanese Navy's Greatest Loss
Tokio, Sept. 12.—The loss of the
battleship Mikasa was formally con-
firmed this afternoon, and there is no
doubt that the disaster is the most
terrible that has befallen the Japan-
ese navy during the entire time of its
existence.

The navy department states that in
the disaster the complete crew of of-
ficers and men on the vessel lost their
lives. The result is staggering.

There was on the Mikasa at the
time of the terrible catastrophe a to-
tal of 99 men and officers, and it is
stated that not one of this number
survived to tell the tale.

The loss of the battleship was pri-
marily due to fire, but succeeding the
outbreak of the flames came a yet
more serious condition of affairs.

The flames gained headway with
such terrible rapidity that they speed-
ily reached the magazine, blowing a
hole in the side of the vessel, which
caused her to sink.

The Mikasa was one of the most
noted and glorious vessels in the Ja-
panese navy. It had been Admiral To-
go's flagship, and as such was in the
heart of every action in which the
commanding officer was associated.

During the battle of the sea of Ja-
pan the Mikasa was in the van, and
was among the vessels that received
the heaviest fire from the Russian
fleet.

The loss of this big fighting machine
will be seriously felt in the Japanese
navy, not only because of her value as
a warship, but also because of the re-
verence in which the vessel was held
because of its glorious history.

THREE JURORS CURED

Of Cholera Morbus With One Small
Bottle of Chamberlain's Colic, Chol-
era and Diarrhoea Remedy

Mr. G. W. Fowler of Hightower, Ala.,
relates an experience he had while
serving on a petit jury in a murder
case at Edwardsville, county seat of
Cleburne county, Alabama. He says:
"While there I ate some fresh meat
and some soured meat and it gave me
cholera morbus in a very severe form.
I was never more sick in my life and
sent to the drugstore for a certain
cholera mixture, but the druggist sent
me a bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy in-
stead, saying that he had what I sent
for, but this medicine was so much
better that he would rather send it to
me in the fix I was in. I took one dose
of it and was better in five minutes.
The second dose cured me entirely.
Two fellow jurors were afflicted in
the same manner and one small bot-
tle cured the three of us." For sale by
the Postoffice Drugstore.

FEARFUL FATE OF

A FEVER VICTIM

Pensacola, Sept. 12.—Eight new
cases of fever were reported yesterday.
O. Wolfberg, dead; Willie Golf, col-
ored; Martha Harris, colored; Dianah
Milton, colored; John Kreamer, white;
Ralph Bertin, white; J. G. Svenke,
white. To this list must be added an
unknown Russian Jew, who died this
morning, and whose case is the most
terrible that has occurred in Pen-
sacola since the commencement of the
fever. With the fever on him, the
man fled from the city, and suffering
untold agonies, fell down in the
woods, the prey of birds and insects,
in a dying condition. When found he
was past all hope.

The victim was discovered yesterday
afternoon and a telephone message
was at once sent to the physicians, ac-
quainting them with the conditions of
the poor stricken outcast.

The people living in the vicinity
where he was discovered—to the east
of the city—were afraid of the fever,
and refused to give him aid, and he
must have suffered untold agonies be-
fore taken in charge by the physicians.

A telephone message resulted in
bringing Dr. Hargiss, assistant to Dr.
Porter, to the scene. He found the
man in a horrible state, he having
been in the woods for two days with-
out food or water.

The most horrible feature of the ter-
rible affair is the fact that the man
had fallen a prey to insects, which
had almost eaten him up alive when
discovered. Many marks of the bites
and stings were discovered on his
body when he was brought to the city.

The unfortunate man succumbed to
the disease this morning in St. Antho-
ny's hospital, where he was taken by
direction of the physicians.

This is the most horrible case yet
reported in this section, and probably
the most horrible of the entire yellow
fever episode. The name of the un-

those suffering from indigestion or
sour stomach I would say there is no
better remedy than Kodol Dyspepsia
Cure. I have prescribed it for a num-
ber of my patients with good success."
Kodol Dyspepsia Cure digests what
you eat and makes the stomach sweet.

Surveying Corps in the Field and
Making Rapid Progress—Track
Laying Will Begin in 30 Days

The surveying and engineering corps
of the Gainesville and Gulf Railroad,
under the direction of Chief Surveyor
Patton, are now in the field and report
fine progress. The corps, which com-
prises twelve people, began southward
from Fairfield, Alachua county, Wed-
nesday morning, and are pushing
rapidly toward Tampa, the proposed
southern terminus of the road. The
corps is accompanied by A. P. Stuck-
ey, first vice president of the new or-
ganization.

Mr. Stuckey will have run several
preliminary lines, after which a per-
manent line will be established and
work of cutting right of way and
grading will begin.

Orders have been placed, says the
Gainesville Sun, for all necessary rails,
and the first shipment of several hun-
dred tons has been promised by the
15th inst. The cross-ties are also being
hewn, and within thirty days it is
safe to state that the actual laying of
iron will begin, as it is the purpose of
the constructor to keep the track
worked up to the grading point as
near as possible.

About twenty days will be required
to complete this survey, immediately
after which a line will be established.
The people of the sections which
this extension will traverse are natu-
rally jubilant, as it will open up a
country rich in timber and phosphate
which has not been worked before on
account of lack of transportation fa-
cilities. The road will also touch sev-
eral of the most prominent towns in Fl-
orida.—Metropolis, 12th.

CIVIL WAR IN CAUCASIA

The fighting continues unabated in
the Caucasus. It is the Mohammedan
Tartars against the Armenian and
Georgian Christians, with Russian

playing the different races of that
country off against each other ever
since she occupied it, and the present
troubles are the result.

WET OR DRY ELECTION IN PASCO

The county commissioners, at their
session last Monday, called an election
for Friday, October 27, to determine
whether liquors, wines and beer should
be legally sold in Pasco county. This
question was presented to the voters
a number of years ago and the county
went "dry," but the courts declared
the election illegal.—Dade City Star.

DEVoured BY WORMS

Children often cry, not from pain,
but from hunger, although fed abund-
antly. The entire trouble arises from
inattention, their food is not assimilated,
but devoured by worms.

A few doses of White's Cream Ver-
mifuge will cause them to cease cry-
ing and begin to thrive at once, very
much to the surprise and joy of the
mother. Sold by all druggists.

A Memphis newspaper, having made
the statement that "hardly a dollar"
of civil war pension money found its
way into the South, the Knoxville
Journal took the trouble to ascertain
the facts and give the figures for the
fiscal year ending June 30, 1904, show-
ing that the sum of \$26,835,377 was
paid to pensioners in the South, and
a list of the states as follows: Ala-
bama, \$585,000; Arkansas, \$1,691,000;
Florida, \$553,000; Georgia, \$530,000;
Kentucky, \$4,056,000; Louisiana, \$881-
000; Maryland, \$1,696,000; Mississippi,
\$456,000; Missouri, \$7,000,000; North
Carolina, \$266,000; Tennessee, \$2,812-
000; Texas, \$1,230,000; Virginia, \$1-
286,000; West Virginia, \$1,769,000. This
is not so bad—about \$140,000,000 pen-
sion money.

A LAXATIVE COUGH SYRUP

"A cold or cough nearly always pro-
duces constipation—the water all runs
to the eyes, nose and throat instead of
passing out of the system through the
liver and kidneys. For the want of
moisture the bowels become dry and
hard." Kennedy's Laxative Honey and
Tar is the original Laxative Cough
Syrup. It meets and corrects the
above conditions, by acting as a pleas-
ant cathartic on the bowels—expels
all colds from the system and cures all
coughs, croup, whooping cough, la-
grippe, bronchitis, etc. Sold by the
Anti-Monopoly Drugstore.
